"A REPORT ON GENDER EQUALITY IN CURRENT ERA"

Vipra kala vanijya avam sharirik shiksha mahavidyalaya oeganised seminar on "Gender Equality in Current Era All the students as well as faculties of the college attended the seminar She talked about the importance of women in society in the current era and how women have succeeded in various fields. She focused on promoting women empowerment by giving certain examples of successful women and also explained how women are to be considered equal with men. She discussed different cases which took place in the past and how Supreme Courts and High Court gave the judgements in favour of women for their safety and prestige. Women are the foundation in the creation of society and they must not be underrated. In the current era, women are working on higher designations in different organizations giving an example of managing work responsibilities along with personal responsibilities. In fact, in some of the fields women are ahead of men where they have shown exemplary leadership skills. Unfortunately, there is still a long way to go to achieve full equality of rights and opportunities between men and women, warns UN Women. Therefore, it is of paramount importance to end the multiple forms of gender violence and secure equal access to quality education and health, economic resources and participation in political life for both women and girls and men and boys. It is also essential to achieve equal opportunities in access to employment and to positions of leadership and decision-making at all levels.
